# PAINT FINISHES

Color is everything, and painted finishes provide limitless possibilities, which is why Shiloh Cabinetry offers so many choices. Our diverse collection of standard paint colors is only the beginning. For those with a particular color in mind, our custom paint program lets you choose from the entire Sherwin Williams' palette of paint colors. Visit your local retailer for more details.

## GLAZE AND HIGHLIGHT OPTIONS ON PAINT

Shiloh also offers additional finish techniques on paint. Available on most paint colors, our glaze or highlight options add an extra level of character for a more antiqued appearance. The brushing add-on is only available with a highlight and adds subtle brush strokes to the highlighting process. Variation of intensity and direction are common and expected with all glazes, highlights and brushing techniques.

# STAIN

The beauty of wood is showcased with our carefully selected palette of stains. Our staining process enhances the various wood species that we offer, resulting in a beautifully finished piece of furniture for your home. When you add a glaze or highlight to one of our stains, you add an extra layer of depth and a change to the color tone, for even more possibilities. From traditional colors to modern interpretations, you are sure to find the right finish.

## GLAZE AND HIGHLIGHT OPTIONS ON STAIN

By choosing a glaze or highlight, you add even more character to the finish. With several options of glaze or a subtle highlight, our hand-wiped process adds a layer of color that changes the underlying stain for a deeper, richer appearance. As this is a hand-applied technique, variation in the amount and location of glaze material will vary from piece to piece and within the same piece. Variation adds to the character and should be expected.

# SPECIALTY FINISHES

## OLDEWORLD

Olde World is a painted finish, hand-distressed to simulate an aged and heavily worn appearance. The Olde World finish features a random combination of some, or all of, the following finish techniques: Worm holes, crackle, edge and panel gouging, rock dents, wearing, brushed highlight and more. Olde World is available on a select number of standard paint colors and on most wood species.

## FINISHES

## OLDE WORLD FINISH TECHNIQUES

## AGED

The Aged Technique is a predetermined selection of numerous finish techniques to create a worn and aged appearance. The techniques possible are: worm holing, edge and panel gouging, wearing, and rock dents. The level of "Aging" is very random and inconsistent from piece to piece. The Aged Technique can be applied to all wood species (excludes Select Poplar) on any stain or paint color.

# DECORATIVE WOOD HOODS

Range Hood 42

As the centerpiece of most kitchens, the range hood should be functional and beautiful. Shiloh has one of the most extensive wood hood offerings in the industry. With more than 40 unique styles, flexible sizing and all of Shiloh's finish options, our hoods make a statement in any kitchen. Our hoods are built by our own craftsmen and have been carefully engineered for appeal, functionality, and ease of installation.

# SHILOH CONSTRUCTION

Shiloh Cabinetry's construction is an example of the commitment to long-term durability. Our cabinets feature quality components and construction methods throughout. We even operate our own testing lab to check the integrity of the finished products used to build our cabinets. Compare our cabinet construction against the competition and you will see why Shiloh stands out against the rest.

1. Solid wood hanging rail for secure fastening to the wall
2. Solid wood corner blocks in base cabinets add strength and stability
3. 5/8" hardwood dovetail drawer standard (3/4" hardwood dovetail available)
4. Guides are Blum TANDEM edge 7/8" extension with integrated BLUMOTION soft closing mechanism (optional Blum TANDEM full extension guides with integrated BLUMOTION soft closing mechanism)
5. Solid wood door (except painted, Metropolitan, and thermofoil doors)
6. Durable and easy to clean material
7. 3/4" plywood adjustable shelving with solid metal shelf clips
8. 1 1/2" wide solid wood frames
9. 3/8" plywood bottom and top (on wall cabinets)
10. Catalyzed conversion varnish topcoat that is smooth, very durable, and resistant to most household chemicals
11. 1/2" plywood sides with 1/4" wood veneer (stained) or 1/4" MDF (painted) applied on finished ends
12. Blum 6-way adjustable, soft-close, concealed hinges in standard or full overlay and flush or beaded inset (3/8" partial inset uses knife hinge that does not soft-close)
